Quebec and Ontario Take Identical Steps to Raise Needed Revenue for Provinces

Both provinces set forth for the 1947-48 fiscal year by Mr. DUNCAN O'DONNELLE (Quebec House of Assembly)

Ottawa, April 3 (CP)—Quebec and Ontario, in the absence of new legislative agreements with the Dominion, have taken identical steps to raise the revenue needed for the administration of matters under Provincial jurisdiction and both have agreed to surplus for the 1947-48 fiscal year.

Mr. Maurice Nova, Quebec's provincial treasurer, said the province which has been unable to come to agreement with the Dominion, is still carrying on negotiations. Premier Macdonald disclosed last week that in an effort to bring about a settlement, he had made a request to the Dominion to serve as arbitrator in the dispute. He said he had made a request to the Dominion to serve as arbitrator in the dispute. He said he had made a request to the Dominion to serve as arbitrator in the dispute.

Later, he had not received a reply to his proposal. Mr. Macdonald's proposal, which was contained in a letter to the Dominion, was that the province should be allowed to raise its own revenue, but that it should be required to contribute a certain amount to the Dominion's revenue.

Mr. Macdonald said that the province had been unable to come to an agreement with the Dominion, and that he had made a request to the Dominion to serve as arbitrator in the dispute. He said he had made a request to the Dominion to serve as arbitrator in the dispute.

ally to Ontario—in the income, corporation and inheritance tax fields. It is alleged to pay that \$10,000,000—however, the change in the province and corporation tax rates, would provide \$10,000,000 to their own government. This, he said, represented a "direct and positive benefit" to the taxpayers of Ontario (\$10,000,000).

Both provinces, however, will re-entire the corporation and income tax rates, and will have an expansion profit for the 1947-48 fiscal year. The province of Ontario, which has been unable to come to an agreement with the Dominion, is still carrying on negotiations.

Henry A. Wallace Criticizes Govt.

New York, April 3 (AP)—Henry A. Wallace, former vice-president of the United States, told a cheering audience last night that "no one or later tomorrow's program of accommodation" could add to anti-Soviet government with unity the world against America and divide America against herself.

Declaring that "the President and his Republican backers are very concerned with the need of the Greek people for food and the need of the American Navy for fuel," Mr. Wallace said that "the plan to contain communism is a costly and secondary to that push for oil."

British Propose Would Cut Time From 18 Months To One Year

Opposition Votes With Govt. For Approval of Principle

London, April 3 (Reuters).—The government will table an amendment to modify the provision of its own postwar occupation bill which last Tuesday sent to the life of the present administration.

The amendment proposes to reduce the period of compulsory military service from 18 months to one year—more useful during this week's debate on the "Government of the Future" bill. The effect of this amendment would be to rule out some 200,000 of the 750,000 members who are expected to be called up under the new bill.

The amendment, officially announced by the Labour government will be tabled in the name of the Minister of Labour, Ernest Bevin, and will be supported by the Labour Minister, Mr. Bevin, and the Conservative Minister, Mr. Bevin.

When the bill was put to a vote last Tuesday, 200 to 180 Labour members were absent, and the bill was carried by a vote of 200 to 180.

The "rebels" led by Winston Churchill, declared their opposition to the bill, and the bill was carried by a vote of 200 to 180.

The surprise conclusion of the bill was a parliamentary emergency when the committee on the bill was called on to report.

The amendment is interpreted as a concession to the opposition, and is expected to be passed.

Today we Live in a Greater Canada
Not a dream of the future but a Present Fact!
TODAY Canadian manufacturing has reached record peacetime heights. It has gone far beyond anything attained in pre-war years. During the war we became the world's fourth industrial nation. Now, in peacetime production again, over 980,000 Canadians are employed in manufacturing—compared to 570,000 in mid-1939. And average pay has more than doubled!

Mr. McNEILLEN says, "Canada has been great to me. She has given me the chance to realize my dreams. She has given me the chance to realize my dreams. She has given me the chance to realize my dreams."
Sponsored by Wm. McDonald, Canada became the fourth largest producer of the United Nations and manufacture of iron and steel products became the industry employing most Canadians. Today there are more than twice as many of us engaged in this industry as before the war.

British Opinion Divided on Whether Nation Can Achieve Sound Economy

British struggle for economic stability has been complicated by a winter fuel crisis. In this article, a series of writers on the results of the series discuss the prospects for the future.

By STUART UNDERHILL.
Canadian Press Staff Writer.
Surrey, B.C., April 9.
(CP)—Last week, in the first

two extremes, some are optimistic that the crisis and accompanying power cuts, which has left in doubt the nation's ability to provide a healthy stock in western and southern, who say it is not too far from being a sound economy.

The other is dependent. They say the nation is in a state of "total chaos" and that the only way to achieve a sound economy is to "make it" by the means of the "new" economy. They say the nation is in a state of "total chaos" and that the only way to achieve a sound economy is to "make it" by the means of the "new" economy.

The man-in-the-street problem feels somewhere in between, alert to the dangers of complacency and anxious to do what he can to better conditions.

But even if the spirit of the country is sound, another problem remains. British manufacturing equipment is a curious hodge-podge of obsolete and ultra-modern. There are plenty of big, modern factories with up-to-date methods — and more old-fashioned ones with less up-to-date methods — and more old-fashioned ones with less up-to-date methods.

Machine tools are being purchased to increase production, but most of them are replaced by the obsolescence of machine tools. There is a growing feeling, however, that the government will soon direct more of the money to the machine tools industry to increase general domestic output.

Manufacturers are eager for new methods, but the new methods are not being used. There is a growing feeling, however, that the government will soon direct more of the money to the machine tools industry to increase general domestic output.

Hindenburg's Will Was Burned By Hitler

By R. M. YOUNG
New York, April 3 (AP).—Major P. G. von Tschirsky, who is believed to be the political will of Germany's late president von Hindenburg, said Adolf Hitler destroyed the document to be the sole beneficiary of the German estate and lead his Nazi Party into power.

The Hindenburg estate, attached to the German vice-chancellor and a confidante of von Hindenburg, said in an interview that the elderly field marshal turned the German people in his will to restore the Hindenburg monarchy after his death in August, 1934, and, by implication, regarded his "complete ruin" for the Nazi leader.

Von Tschirsky, who fled to Britain late in 1934 to escape punishment for his anti-Nazi activities, came here from London this week. He said this was the first time the complete text of the von Hindenburg will had been told publicly.

Monarchy destroyed
Hitler, as predicted, never would have come into power had the full will of von Hindenburg been made known to the German people.

"They loved and respected him," he said, "and they would have been powerful German forces, would have been the backbone of the field marshal and the monarchy, which would have been restored."

Hindenburg's last charges to his people were outlined in a document, "A last will," a testament.

The testament recited the history of the field marshal's administration, the political will and the clear stipulations of the testament. von Hindenburg wanted the German people to follow after his death. He had said:

"I had declared in it that it was his wish that the army should always be independent of politics and party influence but, he, the President, had considered himself as regent for the monarchy, as he said that the German people were only ruled to be governed by a constitutional democratic monarchy."

He further outlined in his last will and in quite definite terms, that he wanted to see the rights of parliament established under a two-chamber system on democratic lines comparable with the parliamentary system of Great Britain; and lastly, that all racial and religious discrimination be done away with.

The full, gripping harrow said he was present when von Hindenburg's last will and testament were delivered to Hitler as chancellor.

"Hitler declared he would be prepared to publish the so-called testament, but not the document, binding the last will of the President."

The text drafts of the will were made, the Baron said, and the first draft was given to the Chancellor. von Pappen subsequently was given the document in his private capacity.

He said he destroyed his own draft when the Gestapo began searching him and his attempts were made on his life.

von Hindenburg's wishes had been published at the time of his death, the war would have been ended, the Baron asserted.

The German people would have come to some kind of unity, the Hindenburg monarchy would have been restored and Hitler would have gone along with it. He always went along with the strongest battles.

Rudolf Hoess To Pay With Life For War Crimes

Warsaw, April 3 (AP).—Rudolf Hoess must pay with his own life for more than 10,000 lives snuffed out in Oswiecim (Auschwitz) concentration camp in the 3½ years he was Nazi commandant there.

The 47-year-old ex-colonel, an exiled for three weeks, was sentenced to death last night by the three-judge Polish Supreme National Tribunal. No date was set for the execution.

The prosecution accused Hoess of supervising the gassing and cremation of some 3,000,000 Jews and 1,000,000 other men, women and children from a dozen countries including Poland, Russia, Hungary, France, Belgium, The Netherlands and Czechoslovakia at the camp in southwestern Poland.

Hoess, commandant at Oswiecim from 1941 to the end of 1944, questioned this figure. He said he could count only 2,500,000 victims. He took responsibility for carrying out the extermination, but blamed officers for instituting the policy.

Hoess, who has a wife and five children in Germany, said he was thrown there all night to the Oswiecim commandant, and he was told to do so. British authorities who questioned him at the trial in Berlin in December, 1944, said they were told he was a Jew and Jewry taken from executed Jews.

10,000 Rent Increase in Kent County

Over 50% Owners Must Enter Into Renewal Lease For two-year term

Hotel Accommodation Free Of Controls Immediately

Ottawa, April 7 (CP)—Prime Minister Abbott announced today that a maximum increase of 10 per cent in rental controls on self-contained housing accommodation provided the landlord is prepared to enter into a renewal lease for a minimum term of two years.

He also announced that hotel accommodation becomes free of controls immediately.

The increase allowed in housing accommodation would mean the preferred two-year renewal lease will be required in a rental at the end of his present lease.

In such a case, the landlord may take the 10-per-cent increase as a notice to vacate at the end of the present lease.

Tenant Has Thirty Days

If the landlord is not prepared to offer his tenant a renewal lease, the tenant may remain in occupancy until the end of the present lease as a tenant from month to month, at the prevailing rental and will continue at the same rental to enter into a new lease.

The tenant has 30 days in which to make up his mind whether or not he wants to accept the landlord's offer. If he does not accept the offer, he is at liberty to vacate at the end of the lease subject to provincial law.

If the tenant accepts the offer, the renewal lease may be terminated by the landlord at any time on 30 day notice but in no case on the landlord's free for the full two-year term.

3000 Houses Out

Mr. Abbott said the 10-per-cent increase will not apply to housing accommodation built since Jan. 2, 1946, and to houses created by structural reconstruction since that date.

He said that the increase will be applied to houses at higher levels related to cost of building costs and materials.

Free Return Add Increase

In the case of houses that have not previously been rented at a profit, the landlord is not required to accept the 10-per-cent increase. He may, however, but neither the landlord and the tenant agree on a new lease for any term.

New changes also provide for an extra 10-per-cent increase in rental in cases where the tenant is substituting three or more persons in self-contained housing accommodation, or where the landlord is operating the accommodation as a hotel.

The new changes also provide for an extra 10-per-cent, the landlord may apply to the court for an order for an adjustment in the rental before offering the tenant the two-year lease.

PETERBOROUGH MARINES WIN 'A' CAGE CROWN

Defeat London, February 23 in Overturn to Capture Title in Two Games

London, Ont. April 7 (CP)—Led by the high-scoring, fast-moving Ed Richards, who counted 21 of his team's 64 points, Peterborough Marines captured the Ontario (Bantam) Association's Intermediate "A" championship when they defeated London-Fairfax 4-2 in two straight games. The victory was the best-of-three series in two straight games. The score at full time was 25-23.

The high-scoring game was easily the game's stand-out play. London's best effort was in the first half when they scored the work of his hard-fighting team-mate, Gordon Brown followed with 11 points and Don Stewart had nine for the winners.

Chris Hansen led the scoring with 14 points. London's goalie, Don Stewart, was the only one to make a save. Bruce Wilson added 11, Campbell Brown 10, and Gordon Brown 10. Ken Gage and John Smith were also in the game.

In a preliminary London-Bantam game, London's 19-10 victory over St. Jerome's College Bantams was the first of the season. The two-game round-robin was held at the Peterborough Arena, the first game being played on April 5.

Trenton Council Budgets For 62-Mill Tax Rate this Year

Trenton. — At a recent meeting Trenton Town Council adopted a tax rate of 62 mills for 1941. The increase of 12 mills over last year was to take care of the deficit of \$10,000, which was a legacy from the 1940 civic administration. The meeting alleged overpayment on paving contract as found by the auditor in a special report to the Council.

It was decided to establish a municipal garbage collection system, purchasing trucks to be paid over a period of five years through a debt fund.

A petition was received protesting the location of a garage on the corner of Sydney and Kingston Streets, outside of the restricted zone.

Council passed an amended petition by-law which has received the sanction of the Mayor and the Highway, in provisions dealing with modern traffic problems.

Received petition from ratepayers in the Dufferin Street-Carrying Place Road are asking for an auxiliary street light. A double house on the west side of the road is in the town were disposed of.

The only grant made by the Council when the budget was brought down to the Victorian Order of Nurses.

Post Chief Executive Mr. 1524 Canadian Order of Nurses, held their regular meeting at the home of Mrs. J. Salinas, C. President.

The guest of the evening was Mrs. O. H. Newton, who was received by Council Trenton, who was received by all the houses.

In his talk on "We must live in the future," Mrs. Newton gave a most interesting and instructive message of the future of fraternalism in the particular Canadian Forward in particular which will assist the officers and members in the newly formed Council at Bradford.

Having been an active fraternalist for a considerable time, Mrs. Newton emphasized the benefits to be obtained by using fraternal principles as a guide in meeting and conducting the problems of every day living, and in every day business contacts, the fraternalist, "as you now see" becomes an actual reality.

Mrs. Newton concluded his remarks by giving several examples of how they make a practical use of fraternalism, a social responsibility in a changing and restless world, where many problems could be solved by the Brotherhood of man.

Mrs. Newton plans to represent the Order at the High Court Convention to be held in London in June.

Mrs. J.C. Braun director of Ottawa, was also present and outlined the necessity of active program of youth work, sports and social activity as the Order would become a great power for good in the community. The Order's principles were laid and interest was shown in its membership would encourage young people who would take their rightful place in the life of the great Nation.

Accepts Call.

Rev. George Puleham, of Ilwaco, has accepted a call to the pulpit of Grace United Church, Trenton and Johnston. He succeeds the late Rev. John Clarendon McGee, B.A., B.D.

The call was extended to the Rev. Mr. Puleham at a meeting of the congregation, Mr. Puleham, it is understood, has no charge in addition to Ilwaco, and is carrying on a very fine work.

700 Tons Earth Bury Seven Cows in Stable

Ottawa, April 7 (CP) — Seven cows were killed and the stable burned under yesterday when an estimated 700 tons of earth broke loose from the side of a hill and slid 200 feet into the yard of the Ottawa Brick and Terra Cotta Company on the southern outskirts of the city.

Don't Lavigne, employee of the brick company and owner of the stable, said he was in the stable buried under a pile of earth that filled a gully and ran for 200 yards. He saw the earth and caused the slide.

He was in the stable when it was buried under a pile of earth and after an hour's work he was freed. The cows all suffered from lack.

Future of Gouzenko Cause of Much Speculation in Ottawa Circles

Ottawa, April 7 (CP) — There is much speculation in Ottawa circles as to the future of the Gouzenko case, the former Russian Canadian's startling exposure probe with Soviet documents he took when he defected from the government a year ago.

There is no general agreement that his service to Canada should be taken to "protect" him from a court-martial and that steps should be taken to "protect" him from a court-martial.

It was disclosed that T. Frank Abbott, president of the Ottawa Street Railway, had purchased a \$100-a-month annuity for Gouzenko and his wife.

Mr. Abbott said he was not disclosing himself as the donor, but he expected the government to do so.

Expectations are that Gouzenko and his wife will be released from the city. It is believed the government will do so.

You can't beat this hopping protection!

The protection the C.D.S. provides for your shopping dollar is solid and sincere. It simply amounts to this! No matter what you buy at the C.D.S., be it fashions or furniture, pens or pumps, you can have your money back if your purchase does not thoroughly satisfy you.

That's the straight-talk terms of the famous C.D.S. Guarantee of

"Goods Satisfactory or Money Refunded"

It applies to price, to quality, to value and performance, and is a sturdy safeguard for you against unwarranted price advances in these days of relaxing Government Controls. It has been our principle of doing business since EATON'S was founded in 1869 and in seventy-seven years of operation literally millions of Canadian shoppers have agreed that "nothing could be fairer."

Most Crowded Conference Showdown Taking Shape Scape Between Mootov, Ministers Russians Requested to Cease Obstructionist Tactics

By JOHN M. HUGHSTON
Moscow, April 8 (AP)—American sources said today that the Russians seemed to want the Americans' latest obstructive tactics in the Foreign Ministers' Council the whole conference could and soon.

Three informants said a showdown was taking shape within the four-power council between Foreign Minister Molotov and the ministers of the western powers.

The basic issue is whether the four powers will continue along the discussion on current German problems which have been frustrated, or whether they can go on to freedom and other matters with the possibility of eventual agreement on the German question.

An American official said the Russians might be trying to get out and that all views were being expressed. He said nothing new would be said, and that if the Russians refused to discuss the German question, the conference might as well end.

The Russian proposal to permit Germany to choose the form of the form of future government was rejected by the American and British diplomats as an effort to effect a change in the German government.

Canadians Can't Plant at Brighton Destroyed by Fire

Large Quantity Canned Goods Burned; \$200,000 Loss

The Canadian Canners Ltd., a company of 150 British Columbia canners, has been destroyed by a fire which followed the explosion of a large structure containing canned goods. The fire, which broke out at 10:30 p.m. on Tuesday, spread through the large structure containing canned goods, estimated at upwards of \$200,000. Everything connected with the canning factory plant was destroyed with the exception of the steam evaporator at the northeast end and the company office and cash sales.

Discovered shortly after ten o'clock on Wednesday, the fire was stated to have started in a small warehouse in the rear of the main plant. A still burning fire was seen from the street. The fire department was called and the fire was extinguished by the efforts of numbers of fire fighters.

Fighting the blaze was the Brighton Fire Department, aided by the Trenton department. The Trenton fire department arrived from New Brunswick.

Twenty men in uniform were seen at the scene.

The fire, which broke out at 10:30 p.m. on Tuesday, spread through the large structure containing canned goods, estimated at upwards of \$200,000. Everything connected with the canning factory plant was destroyed with the exception of the steam evaporator at the northeast end and the company office and cash sales.

Discovered shortly after ten o'clock on Wednesday, the fire was stated to have started in a small warehouse in the rear of the main plant. A still burning fire was seen from the street. The fire department was called and the fire was extinguished by the efforts of numbers of fire fighters.

Fighting the blaze was the Brighton Fire Department, aided by the Trenton department. The Trenton fire department arrived from New Brunswick.

Twenty men in uniform were seen at the scene.

Seismologists Say 'Quake Severe in Some Locality'

Los Angeles, April 10.—(AP)—A sharp earthquake, subsiding into a rolling tremor lasting almost a minute, rocked most of Southern California at 7:28 a.m. PST today, but there were no immediate reports of loss of life or serious damage.

Seismologists at California Institute of Technology, Pasadena, said the quake's length indicated it was deep-seated and probably severe in some locality.

But a quick check of key points from Santa Barbara to the Northern Valley city of St. George disclosed no severe loss.

It was felt only lightly in Santa Barbara, to the north, and San Bernardino, to the east. Cienega said it was not recorded there.

The shock also went unnoticed in the Owens Valley, where Los Angeles' water supply is drawn by the last severe California quake, March 13, 1947.

Occupants of Phoenix, Ariz., office buildings and hotels reported they felt a slight swaying.

GOOD MANNERS

By MRS. CORNELIA BECKMAN

Should Widow Wear Veil?
Dear Mrs. Beckman:
I have been a widow for almost two years. I have two daughters, two, sixteen and eight, and I have been employed for some time. It is only within recent months that I have gone out with a "main friend," and then usually in a group. I quite frequently entertain this group of friends in my home. Recently a couple of my friends questioned the propriety of my continuing to wear my wedding ring. On a few occasions, and as I have removed my wedding ring and worn no engagement ring, I feel that I am engaged to the man who is going to marry me recently. Only a few days ago I was engaged to the man who is going to marry me recently. Only a few days ago I was engaged to the man who is going to marry me recently.

Do I Serve Only Coffee in The Late Afternoon?
Dear Mrs. Beckman:
We are just getting settled in our new home. Before we give the big housewarming party in the spring, I would like to know what to serve. I am planning to give a party in the spring, I would like to know what to serve. I am planning to give a party in the spring, I would like to know what to serve. I am planning to give a party in the spring, I would like to know what to serve.

Is Everything in My Wife's Veil?
In everything you write it is obvious that you truly have an interest in continuing to wear your wedding ring in spite of the fact that you have two daughters and a main friend. The fact that your husband has been deceased for some time is obvious to you. You are depressed over your husband's death, and you are depressed over your husband's death, and you are depressed over your husband's death.

Marian Congress of Catholic Church to be Held in Ottawa

By FANNY O'DONNELLA
(Ottawa, Press Staff Writer)

Ottawa, April 11 (CP)—The Marian Congress, an international gathering of Roman Catholics from the six continents of the world, will be held here next June when the delegates of the world will convene with the 100th anniversary of the death of the Virgin Mary and will last for a full week.

The gathering to be known as the Marian Congress is expected to attract in addition, and other parts of the world in the past year. It will coincide with the 100th anniversary of the death of the Virgin Mary and will last for a full week.

Cardinals, archbishops and bishops of the world will be invited to attend and other religious leaders will be invited to assist in the celebration of the centenary of the death of the Virgin Mary.

When religious ceremonies are in progress at the hotel, religious entertainment will be in progress at the theatre, home of Ottawa's hockey team.

A feature attraction will be the singing of hymns by the 100,000 children of the world, 100,000 children of the world, 100,000 children of the world.

Canada's External Commodity Trade Boosted to \$4 Billions At End of Post-War 1946

Ottawa, April 13. (CP)—The black ink line on the chart that shows the growth of Canada's external commodity trade from 1946 to 1947 is a straight line, then it begins to curve upwards.

The line is the indicator on a graph of the growth of Canada's external commodity trade from 1946 to 1947. The line is a straight line, then it begins to curve upwards.

It shows how this trade has grown through the multi-million-dollar increase in the year 1946-1947. The line is a straight line, then it begins to curve upwards.

The important indicator showed a smoother course with low fluctuations, starting out at \$3,000,000,000 in 1946 and moving upward to \$4,000,000,000 at the end of 1947.

While figures were not available in all cases, trade department officials said that generally speaking both exports and imports were continuing the upward trend early in 1947.

What it might be asked, has caused this great increase in Canada's foreign trade. The answer is in one word—war.

For instance, credits extended by the Dominion, particularly through U.N.R.R.A., to Belgium, China, Czechoslovakia, France, Greece, Italy, The Netherlands, Norway, Poland, Rumania and Yugoslavia, account for the substantial increase in the value of Canadian exports.

In the case of imports, the increase is due to the fact that the Dominion has been able to obtain a large number of goods from abroad at a lower price than in the past.

Nonetheless, export values have not yet reached the level of 1946. In 1946, exports were valued at \$4,000,000,000, compared with \$3,000,000,000 in 1945.

...time his secretary told him the President wanted to talk to him on the phone in his office. A little apprehensive that the call might mean more news and grave educational criticism, Dr. Eaton learned to his surprise after.

"I just wanted to wish you a happy birthday," the President said and went on to say how much he admired and appreciated the co-operation of the veteran who has been called "the conscience of the House of Representatives."

Then the big birthday dinner began. The dinner from the reception room was thrown on a table at Eaton's home. There were about 100 guests.

CORNER CASBAH JARGON 'JUNKED' BY REST TEENS

Swishy Dishes, Whittling, Vicious Ethnic Slangage for Post-War

Jargon

By MAY TAYLOR
Queen's Press Staff Writer

There is nothing, Canada's "teenagers" are doing during the day except to sit in a room and talk to each other. They are talking to each other in a way that is completely incomprehensible to the rest of the world.

A girl is no longer referred to as a girl, but as a "bitch" or a "bitchy" or a "bitchy bitch." A boy is no longer referred to as a boy, but as a "dick" or a "dicky" or a "dicky dick."

And that's not all. There is a lot more to it than that. There is a lot more to it than that. There is a lot more to it than that. There is a lot more to it than that.

At Fort, 300 volunteers received voluntary filling bags with 200 bags to be used in a section of the town. The bags were used in a section of the town.

Stick to Grassroots
The kids certainly have a lot of energy. They are full of energy. They are full of energy. They are full of energy.

John, 1944: "My wife's the mother of me. You look back from your birthday to your grandfather. Don't be a jerk, make up your mind and stick to it."

John, 1947: "Eating. Dad. Can I get you the paper?"

Fair, 1944: "Who was that on the phone last night?"

John: "Oh, it was just a C.O.D. from my sister. We're going to make with the feet on the main ring and stop for a bit or three."

John, 1947: "It was Mary Brown, Dad. We are going for a walk today. It's a beautiful day."

At any rate, the language is being used in a way that is completely incomprehensible to the rest of the world.

The report said, according to the evidence of the police, the "civil law of the island is not being followed."

Describing the island's criminal law as "ridiculous" and "vague," the committee urged that the time has come when it should be made "viable."

The committee also recommended setting up a joint court of appeal for the whole of the islands to hear civil and criminal cases, with the right of appeal in civil cases to the Privy Council in London.

Tros. Gaffney, 85, L'Amable, Burned To Death in Fire

British War Bride Hurt, Boarner Burned in Blaze

Belleville, Apr. 15 (Special).—Thomas Gaffney, 85, and his wife, Mrs. Mary L'Amable, were burned to death today in a fire which broke out in their home at 1214 St. John's street. The fire was caused by a gas stove which had been left burning unattended. The fire spread rapidly, and the couple were unable to escape. Their daughter, Mrs. Mary L'Amable, was injured in the fire. The fire department arrived within minutes and fought the fire for about an hour. The cause of the fire is still under investigation.

France to Honor Churchill With Military Medal

Paris, April 15. (Reuters).—The French government has announced that it will honor Winston Churchill with the Military Medal for his services to the Allies in France. The medal was awarded to Churchill for his leadership and courage during the Battle of Britain. The French government also announced that it will honor other British leaders who fought in France.

Phone Listings Increase 650 During Past Year

Containing a record, number of new and revised listings, the new telephone directory for Belleville and Madison is now being distributed, according to C. W. Proctor, who is responsible for advertising in this community alone.

The new book contains more than 8,300 new and changed listings in the book. Mr. Proctor believes that the new book is the best before telephone use and also urged that the new book be kept on the desk and used up-to-date to avoid calling wrong numbers.

Proctor said that the new book, which has a best-colored cover to distinguish it from other directories, will be greater than that of any previous edition.

Proctor said that the new community's history reveals an increase of over 500 telephone numbers in Belleville since the publication of the March 1944 book.

Proctor said that the new book has the most listings in the Belleville section too. Smith, Thompson and other residents of the city usually, the directory lists subscribers in Madison, other communities in the district.

Swiss Gov. Orders Blockade Of Gambling Casino

Milan, April 19 — (Reuters) — The Swiss government has ordered Italian gambling camps at Campione, in Swiss territory opposite Lugano, to close. The Swiss court as a problem of international law unless negotiations now between the two countries and Switzerland find a friendly solution, it is reliably reported here.

There are only a few square miles in area on the shore of Lake Lugano, in respect of which Italy has no corridor one mile wide, but it is under Italian sovereignty and laws.

Hundreds of Swiss citizens were in the habit of visiting the gaming halls there, and the Swiss government fears of suicides, embarrasements, thefts and family tragedies due to the gambling addiction, the stakes are high.

On several occasions the Swiss government has written to the Italian government in Rome to have the place closed. Finally it decided to "blockade" Campione, and now no one is allowed to enter the town between 7 p.m. and 5:30 a.m. with

Apps Scores Winning Goal In Overtime That Gives Leafs Decided Margin for Stanley Cup

Toronto Defeats Canadiens 3-1, and Needs but One Game to Capture Stanley Cup

By FRANK McDOUGALL
(Canadian Press Staff Writer)

Toronto, April 18.—(CP)—The Leafs had the Stanley Cup almost within their grasp today, most within their grasp, they thought, but they were not to have it until last night's overtime game when they defeated the Canadiens 3-1, and gave the Leafs a 3-1 edge in the best-of-seven series.

The 20-year-old veteran, for whom the season may be his last, when the Toronto Maple Leafs won the National Hockey League in the Montreal Hockey League in the first game of the series, the Leafs won the Stanley Cup history with the goal in overtime period. Harry Watson was credited with the goal.

The Leafs won when it was the third straight victory in the series after they defeated the Canadiens in the first game on Monday night, 4-1, in a sixth game in overtime. The game was played in Toronto on Saturday.

Each goaltender — Durnan of the Canadiens and Walter (Turk) Brode of the Leafs — played exceptionally before the 1,437 fans through the regulation 60 minutes and into the overtime.

Back Home in York

Back home in the first period, Durnan (Jim Harrison) made for the Canadiens with three men in the penalty box — Gey, Stewart and Veith — and the Leafs and Ken Ross of the Canadiens. He took a pass from Tom Blake in a pattern

of making attack in the Toronto end and the Leafs needed little more than a goal to win.

Stewart's goal came at 12:05 and the Leafs were in the lead. The Leafs at this point were still on ice with the Leafs and Brode still holding time. Apps set up the play.

Brode's first Chadwick checked 13 players on either penalty, seven Leafs and five Canadiens, and Brode was the last of the penalties — to Lynn and Ross — by the Leafs.

Jim Klueker, the Toronto star, who was credited with the goal on a shot in the first period when he was on a stretcher in the Leafs' end, was not in the game. He was knocked out by a shot from a Toronto player. But he was back in the game when the Leafs were in the lead. He was the first to be sent off the ice, and he was the first to be sent off the ice, and he was the first to be sent off the ice.

MALAKA CARRER

Sydney, Australia (CP)—Discovery of five cases of malaria in New South Wales during the past year has aroused attention. A large number of Australian servicemen returned from hospital service with malaria, and mosquitoes who bite them might carry the disease to others.

WINCHESTER

Winchester, April 18, (CP)—There'll be some changes made in ending hockey regulations governing replacements in the post-war era has anything to do with the matter.

Such, at least, is the hope of Harvey (Wimpy) Finn from Sydney, who views the restriction of being allowed to replace a player as a disadvantage. He says that he would like to see the rule changed so that a player could be replaced at any time during the game.

Yugoslavia Wants Sicce of Austria As Peace Price

Asks \$150,000,000 For Austria for Reparations

By JOHN HINGWORTH
Moscow, April 17 (AP)—The Council of Foreign Ministers has demanded today that a large allot of Austrian Carthage be turned over to Yugoslavia in any peace settlement.
Yugoslav Vice Premier, Edward Kardelj, repeated his country's previous charges that a third of the German army which fought in Yugoslavia was Austrian; that there were 50 Austrian generals in the German army; and that Austria's German population was 100,000. He demanded that Austria be made to pay reparations to Yugoslavia for the damage done to Yugoslavia by the German army.

Milch Sentenced To Life in Prison

Kardelj, stating that one could not expect the German people to accept the German government's demand for reparations, suggested that the German government should be made to pay reparations to Yugoslavia for the damage done to Yugoslavia by the German army. He demanded that Austria be made to pay reparations to Yugoslavia for the damage done to Yugoslavia by the German army.

Central Ontario Liberal Assoc. Elects Officers

Peterborough, April 11 (CP) — Pauley Oliver, Liberal opposition leader in the Ontario Legislature, in a speech last night at the Central Ontario Liberal Association held severe criticism of the Ontario government.

Mr. Oliver said the federal government had offered a "vicious" \$100,000,000 loan to the provinces, which would cost the provinces \$100,000,000 and \$44,000,000 in interest.

Mr. Oliver also charged that Dr. J. H. Hogg had been removed from the Ontario Liberal Commission by Premier Drew Borden, which would cost the provinces \$100,000,000 and \$44,000,000 in interest.

British Smokers Bear Brunt Of New Taxes

London, April 17 (CP)—British smokers bearing the brunt of the new taxes levied in the budget which went into effect today, the Budget, have been told by the House of Commons. The Finance Minister, Mr. Neville Chamberlain, said that the new taxes levied on tobacco and cigarettes would be a heavy burden on the smokers, but that the Government was determined to raise the necessary funds to meet the needs of the country.

'Mrs. Mike' Story Of Mountie's Wife

By the Canadian Press

Katherine Mary O'Neil, an Irish-born girl fresh from home in California, who has been visiting her husband, a Mountie, in the north, is the subject of a story in the *Montreal Star*. The story is titled "Mrs. Mike's Story of Mountie's Wife".

In 1943 in California she told the story of her life to *Montreal Star* writer, "Mrs. Mike" (long-time writer of the *Star*). The story was published in the *Star* in 1943. The story is titled "Mrs. Mike's Story of Mountie's Wife".

The book is unromantic but it is a story of a woman's life. The book is titled "Mrs. Mike's Story of Mountie's Wife".

Brigade Joins Forces to Fight \$10,000 Blaze

Toronto, April 17 (CP)—Five brigades of fire nearly consumed a house in Toronto today when a blaze which destroyed a house and an adjacent dwelling at Gormley's, a fire north of here, damaged was estimated at \$10,000.

Both buildings were owned by J. T. Johnson, who was collecting the Gormley village mail at the neighbouring community of Old Gormley at the time of the fire.

Five adults and two children fled from the house and from an apartment over the store. Half-dressed, the village's entire population turned out in a spontaneous effort to help fire brigades from Stouffville, Aurora, Richmond Hill and Richmond Hill battle the flames.

Vets. Circulus Solves Living Problems

The Veterans' Circulus, a group of men who have served in the military, are now working to solve the living problems of their members. They have organized a fund to help them with their financial needs and have also organized a system of mutual aid.

The fund is now open for contributions and the members are encouraged to help their fellow veterans. The system of mutual aid is also being put into effect and the members are encouraged to help each other in their daily lives.

The Veterans' Circulus is a very important organization for the veterans and their families. It is a place where they can find help and support and where they can share their experiences with others who have served in the military.

Doubts Shackleton Wrote Note Found In Antarctic

By E. J. B. BAKER
Washington, April 16 (CP)—As for the note Admiral Richard Byrd wrote in Antarctica, the note was written by him, but not by him. The note was written by him, but not by him. The note was written by him, but not by him.

When, who, returned from the Antarctic expedition led by him, Admiral Byrd, said to day he will be "glad" to reveal the yellowed manuscript in any way that may determine whether it was written by Sir Ernest Shackleton, noted Antarctic explorer.

Crises found the manuscript last year, after he had returned from his Antarctic expedition. He found a sheet of crumpled paper, which he had found a sheet of crumpled paper, which he had found a sheet of crumpled paper.

There was no date and no signature on the manuscript, but the handwriting was the same as that of the note found in the Antarctic. The note was written by him, but not by him.

He said, however, that Sir Ernest had sent a working party to the Antarctic. The note was written by him, but not by him.

King Kathleen Shackleton expressed confidence that the note was written by him, but not by him.

Undisclosed Plot To Kill Hitler Comes To Light

By RICHARD O'BRIEN
Toronto, April 16 (AP)—A plot to kill Adolf Hitler after he had ruthlessly rounded up all suspected leaders of the abortive July 20, 1944, bomb attempt to assassinate him, came to light today.

Details of the apparent plot were disclosed and were mentioned only in the briefest notes of a conference held in the East Prussian headquarters Sept. 17, 1944.

Whether the plot was organized by anti-Nazi Germans, or by Germans in the pay of the Russians, was not made clear in the notes.

Almost the entire German leadership was gathered. The reports were, according to the notes, very cautious ones.

At the time (the July 20 bomb plot) the reports were wholly in the hands of the German high command.

It was not longer taken as a matter of course, he said, that the German sources themselves will take care of the matter.

He said, however, that the German sources themselves will take care of the matter.

Porter Says Govt. British-Italian Trade Agreement As Would-be Plan for Control

Toronto, April 16 (CP)—The Ontario government has received the legislative framework, and presented a plan, and it is up to the people to move towards a solution of food problems.

Mr. Porter made an all survey last week of the flooded Thames Valley from London to Chatham, at which time he said he was "appalled" by the conditions, which since have ameliorated.

His speech dealt with methods of organization by which practical steps might be taken in food control measures in future.

He said that municipalities in the Thames valley had by no means been inactive in previous years towards food control.

Under the Conservation Act passed by the legislature in 1940 action was taken to set up an organization for the Thames area, under great Ontario city.

Municipalities wishing further information had been given it by his department, he said.

A survey of the Thames above London had shown that control needed to be exercised in the upper reaches of the river.

The real problem was one of water conservation. All kinds of storage basins and retention on lands that are unsuitable for agriculture.

Storage basins by building dams were the most obvious course, but here were many problems created by the natural contour of the land.

Policemen Pose As Would-be Food Purchasers

Whitby, April 16 (CP)—Five druggists here Thursday were convinced the trial of a charge of armed robbery starting from the theft of a large quantity of narcotics from the Ontario medical supplies store Feb. 25.

Charged at the preliminary hearing before Magistrate J. S. Dwyer were Donald Turner, 35, of Whitby, and Robert Willis and Egon Richards of Whitby.

Constable McAlister said he and a companion, posing as "TNT" and "Mitt" and purporting to be agents for the purchase of narcotics, were driven from Hamilton to a point near Whitby by some of the accused.

He said the automobile in which they were travelling stopped at a highway bridge in the Whitby area.

IS DIFFERENT
THE TREAD IS FLAT
You've never seen a tire like this before. It's completely new and different. Designed differently. Engineered differently. Built differently. New performance, sturdiness and road-breaking mileage. It's the post-war tire you've looked for here at last!
The massive body of this NEW B. F. Goodrich Tire is hand-cured in vulcanizing and design. It is 35% stronger than other type tire bodies. On the road the combination of stronger body and flat tread reduces sidewall flexing and friction. This tire runs longer, wears longer. It gives you extra protection against sudden breaks and blowouts.
The NEW B. F. Goodrich Tire has been thoroughly PROVED. In more than 21,000 miles of the most grueling road tests this great NEW tire easily outperforms the best tires. It's the longest mileage tire ever made by B. F. Goodrich.
This is the road-going, quiet, greater-control post-war tire you've waited for. Your local B. F. Goodrich dealer has it on display! See him today!

Sylvanus Apps May be Named Commissioner

Toronto, April 15 (CP)—The possibility arose yesterday that Sylvanus Apps, 32-year-old Toronto star of Toronto Maple Leafs, might be named as the provincial commissioner of the Ontario Game and Fish Commission.

First suggestion of this new job came from the Ontario Game and Fish Commission, which is now being organized by the Ontario Game and Fish Commission.

There is no official statement from the Ontario Game and Fish Commission, but it is believed that Apps would be a good choice for the job.

Apps is a well-known figure in Ontario sports circles, and has been a member of the Ontario Game and Fish Commission since 1954.

Nobody Wanted Eddie Miller But Now He Is Mainspring In Reds' First Division Bid

Has His Four Home Runs In Seven Games and Playing Well at Short

By JOE BERTOLINI
(Associated Press Staff Writer)

Eddie Miller, who only a few weeks ago was put on display in a showcase window for disposal to the highest bidder without attracting a taker, definitely established himself today as the key to Cincinnati's chances for a first division berth.

The slow-pitched slugger, currently pegged the major league hitter with four home runs in seven games, is still a member of the Reds because no other club in the majors was willing to take a chance on his throwing arm.

Miller rejoined the Reds in the final week of spring training and while he had no occasion to use his arm— injured last season— he was enough to cause Cincy to change its mind. To date, Miller has averaged six chances with only one error and has figured in seven double plays.

Miller's two home runs yesterday helped the Reds gain an even better lead in their doubleheader with the Pirates at Pittsburgh. Andy Gaskin and Bobby Adams joined Miller in the home run parade to lead the Reds to a 12-5 victory over the Pirates in the opener. Three of Pittsburgh's runs resulted from Mike Greenberg's second home run of the campaign.

Phelan Spill

The Pirates played a home game of 46.74 by bounding back to victory Sunday 7-5. The game, limited to 55 innings.

The American League champion Yankees hit the Reds in the first game of the season, New York Yankees turned on the Athletics twice to sweep a doubleheader in Philadelphia 4-1 and 3-1. Cincinnati celebrated its return with a three-run home in the first game to enable Spill to lead the first victory. Young Don Johnson beatified Phil Masi.

Washington of Pennsylvania, Ont. in a boring shut, but had to go to Chicago. Cincy, paced by Bill Robinson's two home runs, posted four runs belted in handed the win to the Reds. The Athletics made their fourth defeat in six games in Philadelphia 4-1 and 3-1. The National League.

Chicago's Philadelphia Phillies made it three in a row, sweeping the Pirates 4-1 and 3-1. New York's 10-4 at the Polo Grounds.

LANIER LOOKING FOR JOB

St. Petersburg, Fla., April 7. (AP)—Max Lanier, just a year ago, St. Louis Cardinals' leading pitcher, is looking for a job in pro baseball.

Lanier, whose home runs in the Mexican League early last season made headlines, said he was through dicker with baseball officials there. He admitted he wanted to stay in baseball and was open to offers from American minor league clubs.

Second Revolt Staged Against

Portuguese Govt.

Lisbon, April 31 (AP)—The Portuguese government announced yesterday that Left-Wing soldiers in Germany had been ordered to return to their barracks and that an abortive revolt April 10 against the regime of President Antonio de Oliveira Salazar had failed. The participants in the unsuccessful plot were still at large.

Wre Minister Santos Costa declared a communique blaming the revolt on "a small group of fanatics" and saying Salazar is seven months "on a small gram of irresponsibility."

Salazar has a strike movement of Italian stevedores and industrial

PLANS UNDERWAY FOR REBUILDING TEXAS CITY'S WATERFRONT

This scene of havoc wrought by the series of violent explosions in Texas City, Texas, shows the sunken and broken steamer *SS. Amerasia*, after it sank, alongside a debris-covered pier in the centre of the blast area. Plans to rebuild the

multi-million-dollar industrial waterfront have been discussed informally between the city fathers and representatives of the firms that suffered the fatal damage.

NEW DEAL

The U. S. navy's giant oil-pumping project in the Arctic has brought a new deal to the Eskimos of the region for 32,000 square miles around Point Barrow. Many Eskimos are working with the drill crews on the project. Here is Frankie Oskabe, wife of an Eskimo employee of the contractor who work under navy supervision. She has her youngest child, Charlie, carried upon her shoulders. The baby is named for Charlie Brewer, who carried the title "King of the Arctic" as the first white man to explore the Point Barrow area.

FREEDMAN INSPECTS PARAGUAYAN REBELS

President Nictola Morales of Paraguay is shown inspecting a batch of rebel prisoners at the Campo Grande base near Asuncion. These prisoners were part of a rebel detachment that attempted to seize the naval arsenal. The attempt failed, although it took two days of fighting to quell it.

HENRY MAKES SOME FRIENDS

Resolution in the U. S. Congress over Wallace's criticism of U. S. foreign policy in speeches he made in England. Like the little boy who found his way into the electric fan and then went out to spit his lip, Henry Wallace sits at peace with two children at the foot of the industrial tower by U. S. engineers at Fredrikstad, Eng., where an American plane crashed on the village flood during the war, killing all but the two children shown with Wallace. They are Betty Whittle and George Casey. There were

Shaking a fist at inflation, Harry Silver, New Toronto, president of several clothing and home furnishing stores, has cut his price 10 per cent. At the same time he has upped clerks' salaries. Here, he tells Thyron Hinnick, one of his salesclerks, to mark down her stock.

CLOSELY GUARDS ATOM BOMB SECRETS

Frank J. Wilson, recently appointed security and information head for atomic energies, is conferring here with Carol Lewis Wilson, his nephew, who is general manager of the Atomic Energy Commission, and was one of the "insiders" in the development of the atomic bomb. David E. Lilienthal, chairman of the atom, worked over the weekend that the United States is losing its head start in this atomic race. He declared its secrets will continue to be more closely guarded, citing Mr. Wilson's appointment as an example.

TROPHY FOR MOST OUTSTANDING PROGRAM

Ontario Premier George Drew and Harry "Red" Foster are photographed in Toronto, Ont., as they admire the La Fleche Trophy held by Doc Buckner following its presentation for the most outstanding radio program of 1946, the Northern Electric Hour.

MOON WOMEN WORKERS

Canberra (CP)—Female employment in Australia, which rose in the wartime high figure of 612,000 in 1943 and fell quickly after the war, is going up again. Just now 630,000 Australian women are setting wages.

ADVERTISER BOOTLAND

Edinburgh (CP)—Scotland is to hold an industrial exhibition called "Exposition Scotland" in August 1947. All Scottish industry will be represented and visitors will see developments in pottery, glass, leather and shipbuilding.

Edgar Simon, 19 (left), is taken to jail by Provincial Constable Fred Blevins after being rounded at Smith Sta. Marie on charges of murdering Mrs. Catherine Rupert, 34 (middle), and her son, Frederick, 3, at Rupert's summer camp on Lake Superior, 22 miles from the Soo. Bodies were found by Frederick Rupert, husband and father (extreme right), who had befriended young Simon, soon with him during fishing trips.

Ice Traps in Georgian Bay—Traps of the 13 ships which set out from Midland and Port McNicoll in the past two days are seen fast in ice floes in channel between Givens Island and mainland. In background is Portangishene Bay. At right is the CPR passenger steamer *Keweenaw*; behind other freighters at right the 22-ton C.N.R. bulk freighter *Lamont*. Tug between freighters is *Harwood* is trying to clear them. Picture was taken from Givens and Main piers yesterday afternoon.

West coast farmers are now with existing stock and facilities smacking their lips over just how they have fared since they started up last fall with well-adapted local stock, including under D.V.A. credits seven-month cover to animal husbandry at the University of British Columbia. They work us-lowest left, Miss Hagg gallery assisted and the present forty- eggs for the incubator. All but a few of the eggs are hatched to increase live selling stock and young ducklings (lower right) are nurtured carefully in brooders for several days before being sent to the market. Right: weeks later they are ready for market.

Storefront didn't advertise his price reduction widely. A banner across the street-upstairs the Lakeshore Theatre's first ad of the anti-inflation battle.

Contempt Fine May Be Refunded To Mine Workers

Washington, April 24. (AP)—The fine on the United Mine Workers' program is concerned, John L. Lewis' United Mine Workers (A.M.W.) can have its \$2,000,000 fine refunded.

An official familiar with political aspects of the case said the U.M.W. is likely to sue the government and will have lawyers seconded against before Federal Judge T. Allen Coker.

The hearing, postponed from two weeks ago, was held to determine if the U.M.W. has complied with terms of the settlement. Coker said the union has failed to "bring the bulk of the penalty."

The government's position, the official told a reporter privately, is that the settlement "allows any may have been in the last few months. Personal time is not involved now and the union appears to be in full compliance. Going through this the union."

\$2,000,000 and Lewis \$10,000 for ignoring a restraining order and permitting the 17-day coal strike to begin Nov. 21.

The latter had demanded that Lewis withdraw his notice to ignore the restraining order. Lewis said the union's contract with the government as of Nov. 22. The miners traditionally don't work without control, as the shutdown became effective the next day.

On Dec. 1 Lewis called a trust suit March 21 to permit the supreme court to consider his appeal against "public liability" he said would surround a prohibition suit aimed at the U.M.W.

The high court ruled March 6 that the union could get back on its feet. It was then that Lewis' personal fine was suspended. He was committed to the court on March 19. He was March 30, on the original notice to Lewis, the president at Central, Ill. April 11, released, and the U.M.W. president ordered a six-day "memorial" shutdown to begin on April 1.

This was followed by an additional "legal shutdown" on the 10th of the industry.

South Africans Give \$800,000 For Flood Relief

Cape Town, April 24. (Reuters)—The South African government has given \$800,000 to the British government to help with flood relief in the United Kingdom.

The money was due to leave Cape Town this afternoon, and the British government has agreed to see the Royal Family drive through the flood-stricken areas.

Torrent of Water Pouring Down Niagara River

Niagara Falls, Ont., April 24. (CP)—The Horseshoe Falls and the American Falls looked more like their old selves today, with the awe-inspiring torrent of water pouring down the Niagara River not heating breakers low from a great ice bridge which had formed at the river's Lake Erie inlet at Port Erie two days ago.

The unusually warm weather coupled with favorable winds now the great ice bridge is only 14 feet deep, slowly disappearing into the water and the nearby shore, the moving the ice slowly downstream. Scattered ice chunks have been carried away by the wind and the whirlpool from yesterday afternoon.

Officials on both the Canadian and the United States side of the river expressed relief that the danger to the big power plants below the falls was over. That danger was posed by the possibility of large masses of ice jamming into the turbines inlet.

The warmth yesterday resulted in the ice bridge at Port Erie softening so that it was breaking into not too formidable pieces. Occasionally there was a small sheet of ice, perhaps 10 or 12 feet across, floating along, but most of it was much smaller.

The ice was not enough to be smashed as it went over the falls.

Three or four more days will be necessary for all the ice to melt. The weather conditions of the mild weather continues official on prospects of trouble.

End is Forecast Present Sellers' Wheat Market

London, April 24. (Reuters)—Britain's refusal to sign a proposed international wheat agreement may only mean that the government believes the end of the present sellers' wheat market is in sight. London observers today considered it a wise move.

The long-term wheat agreement made with Canada was based in the first place on wheat at \$1.10 a bushel of 60 pounds weight at Port William, Port Arthur or Vancouver. Britain is offering Canadian wheat at this price at present. The wheat will be made in later years to secure with supply and demand conditions.

This level is entirely out of line with present United States wheat which are around \$3 a bushel for No. 3 hard wheat on spot and \$2.50 for delivery in May.

Grand traders in London expressed the opinion that it would therefore be "absolutely foolish" to make agreements with other countries at fixed prices related to present world prices, especially in view of Britain's serious economic situation.

Traders believe the long run of sellers' market for wheat may be nearing the end as crop prospects in the United States appear to be good. They have a record wheat yield in 1947 following the long run of record-breaking crops.

In addition the Argentine government may be forced to give the international wheat agreement by the terms of the agreement of buying from those who have wheat and sell to those who need it. Lieut. Governor Pays Visit To Kwanis Club

Lieutenant Governor Elmer Brown of the Quebec-Cathar-Matrimon district of Kwanis International paid his official visit to the Kwanis Club at their weekly luncheon at the Hotel Quincey in Portland. He was accompanied by Wally Maclean, editor of the Kwanis Club, who paid a short visit to the club. The visit was the first of its kind in attendance of the club since the first of this year over the same period last year. The club was composed of a number of men who are interested in the Kwanis Club and its work with the men's organization. A number of the men in attendance were wives who journey to Kwanis. The Kwanis Club is a part of the Kwanis Club which is a part of the Kwanis Club.

A new member was introduced and initiated into Kwanis in the person of Mr. Elmer Brown, who was introduced to the club members by Wally Maclean. The club members are: Wally Maclean, Albert Jones and Taylor Franklin one year, Donald Houston and Jack White four years, Louis Finkle five years, Bruce Lattimer six years, Cliff Barger nine years and Rose Barger eleven years.

Attlee Renews Battle to Win House Support
London, April 24 (Reuters). Prime Minister Attlee on Wednesday renewed his battle to win unanimous support for the government's post-war reconstruction program from rebellious members of his own party.
It was understood that he had been meeting with party members of Parliament on the same subject.
Some 40 Labor ministers still oppose all compulsory military service on conscientious or religious grounds.
Some others would like to limit the method of the conscription bill to two years instead of five and they have an amendment to that effect.

FOUR BOYS RESCUED
Chicago, April 23 (CP). Four young boys from the city of Chicago were rescued by city firemen last night after a fire broke out in a building. BELLEVILLE, ONTARIO, THURSDAY, APRIL 24, 1947

Higher Butter Price When Subsidy Removed

Ottawa, April 24 (CP)—Butter may now cost from 44 to 48 cents a pound, depending on the retail outlet, when the federal subsidy on butter fat is removed April 25, says a government spokesman.

Another possibility, and thought most likely, is that a fall price increase will be absorbed, equal to the amount of the subsidy or perhaps more.

Evidence that action is imminent on the butter price, from comment with distributors in the Prime Minister's office, has been received by the government, and is expected to be prepared for an inventory.

300 Guerrillas Ambush Party of Greek Gendarmes

Athens, April 24 (AP)—The Minister of Public Order said today that a band of 300 guerrillas has ambushed a party of Greek gendarmes and killed six of them, in the Peloponnese region, and that both sides are being treated "heavily" now.

Press reports from Sparta said eight of the gendarmes were killed, and that the guerrillas were being treated "heavily" now.

Warden, Officials, Students And Junior Farmers Assist In Planting 30,000 Pines

Hastings County Council considered its reforestation project today when it was informed that 30,000 pines were planted on Wednesday.

The county forest at Actinolite was started last year when county purchased an abandoned farm on the banks of the Schomaden River and planted 30,000 pines.

Two major questions have been put on the program agenda upon which the Assembly will decide by a two-thirds vote.

Placed on Former Kaiserin Hermine

Berlin, April 24 (Reuters)—A Soviet army officer reports the 80-year-old Princess, the widow of Germany's late Kaiser Wilhelm, whenever she goes to the theatre since her home at Frankfurt-on-Oder, 80 miles east of Berlin, is the Soviet zone of Germany.

And the presence of a Russian woman interpreter who accompanies her on all her walks through the zone, are the only restraints placed upon the freedom of the former Kaiserin, according to Baroness von Arnim, who has just visited her.

Wants Agreement To Protect Ducks

Washington, April 24 (AP).—Representative Francis Case (Rep.—S. D.) wants an international non-aggression agreement to protect ducks.

He told a reporter today he has asked Elmer Peterson, South Dakota State Game Commission director, for suggestions on a bill to protect migratory birds—mainly ducks—when they fly south for the winter.

The problem, briefly, is this: Canada and the United States have strict regulations on hunting seasons, but Mexico, Cuba, and Central American countries do not.

Regardless of what conservation measures are taken in Canada and the United States when the birds get into Central Amer-

New York, April 25.—(AP)—The price structure of the United States remained out of balance today after a month of wide discussion sparked by President Truman.

Wheat, corn, reduction of the oil tax and here and there, the American consumer found many prices unchanged and some increased.

Analysts say the price of too many "key commodities" will remain unchanged, but until manufacturers did, the market would decline in spot sale prices as the following commodities, April 24, as compared with the previous day: turpentine, eggs, coals, coffee, flour, lard, butter, hogs, corn and soy beans.

Increases were reported in hides, cattle, lamb, rye, and cotton.

Changes in prices were: corn meal, 1¢; soy beans, 1¢; and milk, 1¢.

Auction at Station in Crab Bag of Surprises — Sale of unclaimed luggage, parcels and other articles left at the Toronto Union Station and on C.N.R. trains coming into the city brought brisk bidding yesterday at Waddington Auction Rooms. Many purchasers were left holding the bag. Reported treasures in the unopened luggage were not for Mrs. Irene Wayne, Gladstone Ave. (right), who found she had bought a suitcase of athletic clothes for her son. Articles sold at considerably higher prices than before the war.

FORGOT HE HAD CAR

Albuquerque, N. M., April 24 — (AP) — L. O. Blair paid a \$1 fine for overtime parking with this explanation: "I'd been with out a car for so long that I forgot I bought a new car and went home on the bus."

No bridal worth the name is without the "something old, something new, something borrowed and something blue." In the wedding of the Hon. Richard Wood, son of Lord Halifax, to Miss Diana Kellie, at Westminster Abbey, the "something borrowed" was worn by the little attendants. The boys were miniature replicas of the 18th century uniform of the Royal 90th Rifles Regiment, in which the bridegroom served during the war. The girls were 18th century style bourgeois organdie dresses.

New York, April 25 (CP)—The Montreal Canadiens' victory over the Quebec Bulldogs Wednesday night, the 1944-45 season, was a dramatic one. The Canadiens, who had won the Eastern Canada championship, defeated the Bulldogs 3-1, to win the Allan Cup. The Canadiens' goalie, Georges Vézina, was the star of the game, making several key saves. The Bulldogs' goalie, George Hodge, was also in action, but was unable to prevent the Canadiens from scoring.

Players' Plea
The players of the Montreal Canadiens have made a plea to the fans to support the team during this difficult time. They have asked for continued support and encouragement, especially during the playoffs. The players are confident that they can win the Stanley Cup and bring glory to the team and the city of Montreal.

WIN A \$5.00 PRIZE

And Get Acquainted with Your Local Businessmen

Here's something new and different. The merchants advertising on this page are co-operating in a contest which gives its readers an opportunity of winning a weekly prize of \$5.00. How's that for you? Each week in one of the advertisements a word will be "circled." Read the ad verbatim, find the circled word, memorize it, and send it, with the name of the advertiser in whose ad it appeared to the "Contest Editor," Ontario Intelligence, Box 190, Belleville. All answers must be in by the THURSDAY following publication, and winners will be announced the next week in the Business Directory. The winner will be drawn from among the correct answers, and a cheque for \$5.00 mailed promptly. No member of the staff of the Ontario Intelligence or their families are eligible for a prize.

250 Tons Flax Seed Being Rushed to U.K.

Toronto, Apr. 26.—(AP)—Longhorns' basketball 250 tons of flax seed into the liner Queen Elizabeth yesterday loaded a higher revenue cargo of jewelry and furs as the big ship prepared to race spring planting time in England and they did not mind the flood-damaged British Isles. The seed must be planted during the first week in May. The Queen Elizabeth's cargo of jewelry, furs and trapezoidal at \$137 a cubic foot had been set aside for the first sale of 20 cents a cubic foot, in response to an urgent request from the Ministry of Food which said the seed must arrive by May 1.

Fear Pirates May Have Seized Coastal Steamship

Toronto, Apr. 26 (AP)—R.A.F. planes were dispatched today over the Pomona area to investigate a report that pirates might have seized the coastal steamer, the Harvey Adams, sailing for a west coast service. The report was received from a source in the Pomona area, who was reported to have seen the ship in the Pomona area. A bag officer in Malaga refused a message in the Pomona area that the Adams had been sighted in the Pomona area. A source in the Pomona area had decided the accuracy of the message.

The service carried an unprecedented number of passengers during the year, but mail, which produces about 30 per cent of the company's revenue, fell off 10 per cent, and air freight poured in, increased by 18 per cent.

Total revenue for 1934 was \$36,443, an increase of 123,331 7/8 per cent, with air mail 1,102,325 pounds and air express 1,047,123 pounds.

At the end of the year, T.C. had 37 Douglas DC-3 aircraft, with three more on order, Lockheed Lodestars and Lockheed 14-40 aircraft.

important part in the standardization and rationalization of international air practices. The interdependence of world air transport was seen in T.C.A.'s growing service to other lines.

At Goose Bay, Labrador, T.C.A. agreed to organize operations in 1947 on international routes for the sum of all trans-Atlantic travelers.

The trans-Atlantic service increased from twice weekly to daily round-flight in each direction, and the route was extended to London.

YOU CAN HAVE INSURANCE PROTECTION UP TO \$16,000.00.

This may sound incredible but it is so.

Automobile Public Liability and Property Damage Insurance for pleasure driving, costs **ONLY** this small amount

You would be protected as follows: \$5,000.00 for bodily injury or death of any one person; \$10,000.00 for bodily injury or death of two or more persons in any one accident; \$16,000.00 damage to the property of others. These are standard limits.

ONE fatal accident for which you may be legally liable could wipe out your savings, and, not only that, but it could mortgage your future.

Don't let this happen to YOU, phone or call in our office for more information.

LOCKED IN THEATRE**

Elizabeth, N. J., April 28.—(AP)—Dominick Natarile, questioned by police who saw him leaving movie theatre long after the place was closed, explained it this way: Desk Sgt. James White said: "I fell asleep during the picture show and found myself alone unlocked the front door and walked out."

Three members of the Club, namely Verna and Audrey Bell and Patricia Lynch were presented by Miss Irvine with certificates from the Home Economics Department for finished projects. Accompanying the girls were three Club leaders, Mesdames C. Prentice, M. Kouri and Chrysler.

Members of International Hockey Association Will Attend C.I.H.A. Meeting

By JOHN D. HAMILTON
(Canadian Press Staff Writer)

New York, April 22 (CP)—Stand as a May breeze, four top international hockey officials had here last night that the International Hockey Association's annual meeting in Chicago will be held in the city.

The four officials are Walter Brown, vice-president of the Amateur Hockey Association of the United States and first American secretary of I.H.A. and Tom Lockhart, president of the A.H.A.

All four nearly addressed questions on recent international hockey squabbles which led to a reorganization of the I.H.A. at the annual meeting last season in Prague. At that meeting, the I.H.A. was reorganized into the I.H.A. and the I.H.A. was reorganized into the I.H.A.

How New Tax Works

Others, April 28. (CP)—A new tax reduction in personal income taxes in his budget last month, Finance Minister Abbott says, will mean a 10 per cent increase in the percentage of reduction from the present rate of 10 per cent to 11 per cent. The new rate will be applied to the income of \$10,000 and over.

The new rate will be applied to the income of \$10,000 and over. The new rate will be applied to the income of \$10,000 and over. The new rate will be applied to the income of \$10,000 and over.

Since the new rate is not effective until July 1, the actual reduction in 1947 taxes will be from 27 per cent to the lowest income bracket was cut from 27 per cent to 26 per cent.

In calculating the tables Mr. Abbott said it had been assumed that all income up to \$10,000 was entirely earned income.

Britain to Test Supersonic Plane Model

London, April 28 (AP)—British scientists revealed today some of the secrets of a model airplane supersonic stream—on 11-foot, rocket-propelled flying model that may solve aviation's old question:

Will it happen to an airplane when it reaches and passes the speed of sound?

Dr. Don Leitch, chief scientist to the ministry of Supply, and co-ordinator of Aeronautical Research, told a press conference that the first portion of the model would be tested over the Firth of Clyde, southwest of Glasgow, in about five weeks.

From those and later tests,

he said, "we hope to learn enough to build a full-size, radio-controlled aircraft that will fly at speeds faster than sound."

The first model was launched from the belly of a biplane bomber flying 400 miles an hour at 20,000 feet. An airplane could fly it rather than trace its path.

After its rocket motor burns, the little plane is expected to reach a speed of 1,000 miles an hour or more.

Montreal Gunman Still at Liberty

Montreal, April 28 (CP)—Charles Henry Blackman, 34, was released from jail today, 24 hours after he held up his employers, Laidlaw and Brown (Canada) Limited, and escaped with \$24,000 in cash.

Detectives reported he might have been supported by the kidnapping firm for six weeks, until his 22-year-old girl friend after escaping the armed robbery and both were arrested.

Bernice G. Collins, chief accountant for the firm, related that he had returned from the bank with the payroll, destined for crew members of the S. S. Angus cable docked here, and Blackman picked up the suitcase from where it lay on a desk.

Mr. Collins asked "where are you going?" and Blackman, revolver in hand, replied "I'm going where you see," grimly adding, "I'm going home to my dear girl."

Blackman fled along a corridor, shot at several, and disappeared into the street door.

Drew Says Ontario Will Not Enter Into Separate Negotiations

Toronto, April 28 (CP)—The guardian of whether new proposals are contained in Finance Minister Abbott's budget address today, the Ontario government will not enter into separate negotiations for a Dominion-Provincial agreement, Premier Drew said today in a statement.

Fundamental differences could be settled only by a general conference, he said. He commented on a decision of the House of Commons to refuse until after presentation of the federal budget and added that no satisfactory agreement could be reached by "separate, secret bargaining."

"Since the present House of Commons in 1943 we have constantly sought to improve the vital security of a general agreement which would establish the basis of a general agreement among all governments for the collective use of their constitutional legislative powers in all

ways. After twenty days in wilderness—missing for twenty days after their airplane had been forced down in the Northern Alberta wilderness, L. J. Shabshay, business man of Elmstock, North of Toronto, and Phil Spencer, Alderston, North of Toronto, were given up for lost until Addison reached a call to the outside world by radio after stumbling exhausted into a Hudson's Bay trading post at Little Bear River.

Heavy Guard on RUBBER STATE

Pennac, April 28 (CP)—Police maintained a heavy guard today over a North Malayan rubber estate owned by the Malayan American Plantations—affiliate of the United States Rubber Company where police clashed yesterday with 200 India-Chinese laborers. One laborer was killed, 5 injured and two police hurt in the skirmish.

The disorder resulted when police tried to arrest Chinese laborers who refused to disband a mass meeting.

Old Bomb Injures Hurt Self Through Three Persons

Westfield, N. S., April 28 (CP)—A 25-year-old aerial practice bomb, believed to have been ejected from a plane which crashed near here in 1943, caused serious injuries to three persons yesterday when it exploded in the house of Delbert Fancey. The bomb had been found Sunday by Fancey's two small sons and was being examined by a friend at Fancey's when it would.

Mr. and Mrs. Fancey suffered severe cuts about the head, chest and arms and Nathan Scott, 33, was injured in the left side. Scott and Fancey were both blown through the door of the badly damaged house.

Dr. R. L. Smith, who treated the injured persons, said it was "a miracle" that all three had not been killed.

House Levied By Terrile Blast

Pittsburgh, April 28 (AP)—A heavy blast leveled a house and shook the whole of nearby Mt. Pleasant township at 3 p.m. today, shattering windows and bringing hundreds of persons to the scene. No one was reported injured, however. The explosion of 100,000 anti-Lavender Wunderlich was leveled by the explosion which apparently was caused by gas. The Wunderlich couple was believed to have detected the odor of gas and fled to home just before the explosion.

The Ontario Intelligence Hurt Self Through 3 Plate Glass Doors

Ottawa, April 28 (CP)—The daring and inconceivable of sending himself through three plate glass doors didn't help 30-year-old Kenneth Stappan of Toronto escape police and today he was charged with shoplifting a shirt.

Police told Stappan was "detached" while leaving Madden's jewelry store on Ottawa's main street early today and in an effort to evade apprehension, he jumped through an office window then crashed three plate glass doors in succession.

Constable Marvin Wright arrested Stappan, as he crashed through the third door landing in the street. Police said they found in a bag on the store roof and in Stappan's pockets, 20 watches, fountain pens, pencils and more than 100 rings. Total value of the loot was estimated at \$1,000.

Lack of Coal Miners' Equipment Is Basic Ill of U.K. Life

Britain, plagued by two wars and a great depression, is fighting for her national existence in an unpremeditated economic crisis. This is not one of a series of sudden strikes, as in America, but a chronic ailment, a disease of the nation's life, the cause of which is the lack of coal miners' equipment.

London, (C.P.)—Smoking and the lack of coal miners' equipment in Britain—this is the basic ill of U.K. life. It is the cause of the nation's economic crisis, the cause of the lack of coal miners' equipment.

To cut down on consumption and coal-mining industry and gas, government spokesmen said, but the nation's economic crisis is the cause of the lack of coal miners' equipment.

TWENTY KILLED FIFTY INJURED IN U.S. TORNADO

Only Half Dozen Buildings
Left Standing in Village of
Wright, Missouri

Wright, Mo., April 29 (AP)—Tornado which whirled through small towns in Arkansas, Missouri and Iowa, leaving at least 20 dead today, inflicting more than 50 and causing thousands of dollars in property damage.

Wright was the first Missouri town with a population of 25,000 persons killed or injured and approximately 40 injured, only three houses built by the town were left standing.

All dead were persons who were killed in Arkansas, where victims there had slighted the small community of Wright and a few miles to California, and to the town from the Missouri line.

A tornado also struck Clay, Mo., about 400 population, in southwestern Iowa, and caused extensive property damage. No one was reported injured.

The tornado that hit Wright was described by the town's newspaper as the worst in its history. It struck the town at 10:30 a.m. and the building damage was among the heaviest in the town, with many houses being blown away.

Community in darkness

The community was in darkness until late last night when a mobile generator arrived. Both the station and the town hall were being used as a power source and in nearby towns.

Wright, Mo., is a town which the first saw the tornado hit.

"It had a long tail," he said. "When it hit the ground there was a swirling dark cloud. The point seemed to be very dark and sweep everything before it. There was a terrifying roar."

Pleasant Budget Plops in Middle Of General Clamor for Reduced Prices

(By The Canadian Press)

Announcement of income tax cuts in the Dominion budget today dropped into the middle of a quiet calm over high prices and reports of inflated effects by individual Canadian merchants to do something about by voluntarily reducing prices.

As a result of the high prices, many retailers in western Canada, where some have been forced to close their doors, have been buying high-priced commodities, a Canadian Press survey showed one. Christmas decorations were sold at 50 per cent off in stores where stores reduced prices as much as 50 per cent in the case of Christmas decorations.

At least seven persons were killed in Arkansas, where victims there had slighted the small community of Wright and a few miles to California, and to the town from the Missouri line.

But merchants were not happy about the situation. They thought their attitude was

and the Rogers, Arns, unit of the National Guard was sent to Wright to help with the search for the bodies of the dead. To fight inflation, the Purcell Store in Belleville are cutting the prices of their entire stock by 15% with the exception of nationally advertised Radios, Washing Machines and Refrigerators. Our opinion is that by stabilizing prices and if possible, lowering them, workmen will not be on strike continually for higher prices and as a consequence manufacturers' costs will not subsequently have to rise. It is a vicious circle and must be stopped. Many

lines are being more drastically cut with reductions as high as 50 per cent. On these pages are some of the more spectacular values. But remember, the price of everything is reduced by at least 15%.
